PART I
GENERAL.

Proceedings of the Government of Mysore.

No. 5188-216—Mis. 995, dated, Bangalore, 8th November 1897.

Order.—The following compilation of papers *in re* direct correspondence between Darbar Officers and Officers of the British Government is published for information and guidance.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—Heads of Departments.
The Deputy Commissioners of Districts.

Revenue Processes.

1. *Letter No.* 280—60, *dated 6th May* 1885, *from the Assistant to the Resident in Mysore, to the Dewan of Mysore.*

With reference to the correspondence ending with your letter No. 27, dated 17th October 1884, regarding the mutual direct service of revenue processes by Mysore and Madras Revenue officers, I am directed to forward, for your information, copy of letter No. 263 Mis., dated 18th April 1885, from the Government of Madras, expressing the opinion of His Excellency the Governor in Council that the existing arrangements under which these processes are reciprocally served, may with advantage be continued, and that the local authorities in the Madras Presidency will be instructed accordingly.

Enclosure to the above.

2. *Letter Political No.* 263, *Miscellaneous, dated* 18*th April* 1885, *from the Chief Secretary to the Government of Madras, to the Resident in Mysore.*

With reference to your letter No. 1490—780, dated 20th October 1884, I am directed to state that the existing arrangements by which money voluntarily paid is received and remitted by the British and Mysore States, may with advantage continue, and that notices of demands of arrears should be served by the British District officers at the request of those of Mysore and *vice versa*, no coercive process being applied on either side.

2. As it appears from your letter under reply that this course is accepted by the Government of Mysore, the Madras Board of Revenue has been desired to issue the necessary orders to British Collectors.

No. 1261-9—43, dated 15th May 1885.

Order.—Copy forwarded to Deputy Commissioners of Districts and Sub-Division Officers.

3. *Letter Camp No.* 465, *dated* 13*th June* 1885, *from the Secretary to the Dewan of Mysore, to the Deputy Commissioner, Tumkur District.*

His docket No. 187 of the 5th instant, enquiring with reference to this office Proceedings No. 1261-9—43 of 15th May 1885, if correspondence regarding the reciprocal service of revenue processes may be carried on by District officers in Mysore *direct* with those in Madras.

Has the honor to reply in the affirmative.

Camp No. 466-73, dated 13th June 1885.

Copy forwarded to other Deputy Commissioners and Sub-Division Officers for information and guidance.

4. *Letter No.* 2394—4677, *dated* 29*th July* 1887, *from the Assistant to the Resident in Mysore, to the Dewan of Mysore.*

I am directed to acknowledge the receipt of your office letters Nos. 1909-167 and 2152-130, dated 8th and 16th July 1887 respectively, regarding the recovery of arrears* of mohatarfa tax due to the Mysore Durbar from certain persons residing in the Civil and Military Station of Bangalore.

2. In reply, I am to inform you that the Officiating Resident will be happy to direct any notices of demand received from the Mysore Government to be served on persons residing in the Civil and Military Station, but that the officers of the Station do not seem, in his opinion, to be invested with any powers to enforce payment in such cases. The position seems to be the same in regard to revenue demands falling due in British India from persons residing in Mysore Territory, and this had, on one or two recent occasions, to be explained to Collectors in the Madras Presidency who applied to have payment of such demands enforced in the Mysore State.

3. I am to observe, however, that the amounts at stake in the few cases that occur on either side seem to be so trifling that it appears to Mr. Fitzpatrick hardly worth while to set about an amendment of the existing law.

4. The original papers said to have been forwarded with your office letters cited above, have not been received in this office.

No. 3028-9—Cir. 84, dated 23rd August 1887.

Copy of the foregoing is forwarded to the Deputy Commissioners of Kolar and Hassan for information with reference to their letters Nos. 323—87 of 3rd June and 160 of 9th July 1887 respectively.

---

5. *Letter No.* 3571—4677, *dated* 31*st October* 1887, *from L. White King, Esq.*, C.S., *Assistant to the Resident in Mysore, to the Dewan of Mysore.*

I am directed to acknowledge the receipt of your office letter No. 1426, dated 7th October 1887, applying for the recovery of arrears of revenue due to the Mysore State from persons residing outside the State.

2. In reply, I am to refer you to my letter No. 2394—4677, dated 29th July 1887, and to say that the remarks therein contained apply with equal force to arrears of revenue due to the Durbar by persons residing in British Territory.

---

6. *Letter No.* 2913—7375, *dated* 28*th August* 1888, *from the Assistant to the Resident in Mysore, to the Dewan of Mysore.*

With reference to your office letter No. 3705—258, dated 15th August 1888, I am directed to refer you to the correspondence ending with Mr. Martindale's letter No. 280—60, dated 6th May 1885, and to say that direct communication should be maintained between the Collectors in British India and the District officers in Mysore in regard to the service of notices for arrears of revenue.

2. The original enclosures of your office letter under reply are herewith returned.

Criminal Processes.

7. *Proceedings of the Dewan to His Highness the Maharaja of Mysore* (*Judicial*).

READ:—Letter from the Deputy Commissioner of the Kolar District, No. 707—297, dated the 12th August 1881.

No. 4100-7—114, dated Bangalore, 17*th August* 1881.

ORDER THEREON.—The propriety of enforcing Act XIII of 1859 in Mysore is under consideration. Meanwhile, warrants issued from the Civil and Military Station of Bangalore, which is assigned and not British Territory, should be treated like warrants in other parts of the Mysore Province.

8. *Letter No. 50, dated Bangalore, 2nd September 1881, from the Dewan of Mysore, to the Resident in Mysore.*

In forwarding the accompanying copy of Proceedings No. 4100-7—114 of the 17th August 1881, I have the honor to request that such general instructions may be issued as may be considered necessary to facilitate the execution of warrants of the Magistrates in this Province in the Civil and Military Station of Bangalore. As the Extradition Rules do not apply to it, there is no reason why the warrants should not be given effect to by the Magistrates themselves without reference to the head office.

---

9. *Letter No. 1409—G.281, dated Bangalore, 5th September 1881, from the Assistant to the Resident in Mysore, to the Dewan to His Highness the Maharaja of Mysore.*

With reference to your letter No. 50 of the 2nd instant, I am desired by the Officiating Resident to forward for information copy of a letter this day addressed to the Magistrate of the Civil and Military Station of Bangalore in regard to the execution of warrants between Magistrates in the Station and the Mysore Province.

Enclosure to the above.

10. *Letter No. 1407—J. 502, dated Bangalore, 5th September 1881, from the Assistant to the Resident in Mysore, to the Magistrate, Civil and Military Station, Bangalore.*

In reply to your letter No. 142—14 of the 29th August, I am desired by the Officiating Resident to observe that as the Civil and Military Station of Bangalore is not British but Mysore Territory, processes of criminal courts of the Station and of the Mysore State may be freely exchanged and executed between the Station and the interior of Mysore.

---

11. *Letter No. 104—25, dated Bangalore, 13th April 1883, from the Assistant to the Resident in Mysore, to the Dewan of Mysore.*

With reference to your Secretary's letter No. 27, dated 9th instant, applying for a warrant under the Extradition Act addressed to the Officer Commanding 15th Regiment, M N. I., Bangalore, for the surrender to the Mysore authorities of one Jamaludin *alias* Abdul Wahab, who is accused of having committed the offence of theft in the Kolar District, I am directed by the Resident to state that as the Civil and Military Station of Bangalore, in which the accused person is said to reside, is Mysore Territory and not part of British India, it is inappropriate to apply the Extradition Act in the present case. The proper course seems to be for the District Magistrate of Kolar to issue his own warrant for the arrest of the accused person, and to send it to the District Magistrate of the Civil and Military Station for execution. I am at the same time to invite your attention to this office letter No. 1409—281, dated 5th September 1881, to the late Dewan, stating that processes of criminal courts may be freely exchanged and executed between the Civil and Military Station and the interior of Mysore.

2. The original enclosures of your Secretary's letter are herewith returned.

---

12. *Letter No. 1612—264, dated 10th November 1884, from the Assistant to the Resident in Mysore, to the Dewan of Mysore.*

I have the honor, by desire of the Resident, to convey to you (in para 8 of this letter) for the information of the Government of His Highness the Maharaja,

the orders of the Government of India regarding the surrender of criminals between the Civil and Military Station of Bangalore and the Mysore State.

2. The correspondence which led to these orders being passed may be briefly stated as follows:—

In July 1883 the Government of India, in acknowledging the receipt of a copy of the correspondence which passed between the Resident and the Durbar in the case of one Jamaludin *alias* Abdul Wahab, observed that the procedure in cases of extradition between the Civil and Military Station of Bangalore and the State of Mysore appeared to be governed by rules framed in 1881, and requested, if such was the case, that the Foreign Office might be furnished with a copy of the rules in question.

3. In answer to this letter, Mr. Lyall informed the Government of India that no rules on the subject under reference had been passed; but that the question having arisen in 1881, the then Officiating Resident (Mr. Sandford) had expressed the opinion that criminal processes might be freely exchanged and executed between the Civil and Military Station and Mysore, as the former was not British but Mysore Territory. Mr. Lyall added that the Government of His Highness were also of the same opinion, and that by virtue of the orders then passed there was now complete reciprocity in the execution of criminal processes between the Station and Mysore.

4. In reply to the above, the Government of India observed that the orders passed by Mr. Sandford and the Durbar appeared to be based upon an imperfect apprehension of the circumstances of the case. While admitting that the Civil and Military Station was no doubt Mysore Territory in that the ultimate sovereignty over it remained with the Maharaja, the Government of India pointed out that the exclusive management of the tract comprising the Civil and Military Station had been assigned to the British Government and that His Highness had expressly renounced all jurisdiction within it and that consequently it did not by any means stand on the same footing with the districts of the Mysore State in regard to matters of jurisdiction, the Government of India could not therefore accept the theory put forward by Mr. Lyall's predecessor and the Durbar.

5. The Government of India then proceeded to observe that on the one hand the rules issued by the Durbar having never been sanctioned by the Governor General in Council were not expressly binding on British Courts, and that on the other a strict adherence to the provision of the Extradition Act was unnecessary and would probably be inconvenient, and suggested the adoption of a set of rules to meet the requirements of the case.

The Government of India forwarded at the same time for the Resident's consideration a copy of the rules framed to regulate the surrender of criminals between the Cantonment of Secunderabad and the Hyderabad State, and which it was remarked might be made adaptable to the Civil and Military Station.

6. After a very careful consideration of the rules immediately above referred to, the Resident came to the conclusion that their adoption as between the Civil and Military Station and Mysore was for several reasons undesirable, and in his reply to the Government of India Mr. Lyall stated fully the grounds of his objections to them.

7. It will be unnecessary for the purposes of the present communications to detail the arguments advanced by the Resident in support of his views. It will be sufficient to state that the conclusions arrived at by Mr. Lyall were, first, that a freer procedure might safely be allowed between the Civil and Military Station and the rest of Mysore than between the Cantonment of Secunderabad and the rest of Hyderabad; and secondly, that as the Magistrates of Mysore receive direct and execute all criminal processes of the Magistrates of British India, there was nothing of itself anomalous or inconsistent with the complete jurisdiction of the British Government in the Civil and Military Station of Bangalore in the arrangement made by Mr. Sandford and the Dewan. Mr. Lyall asked the Government of India to reconsider the question then before them and recommended that the arrangements made by Mr. Sandford and the Durbar in 1881 for

the reciprocal recognition and execution of all criminal processes issued respectively by Mysore and Civil and Military Station Magistrates, might be sanctioned by the Governor General in Council.

8. The continuance of these arrangements, I am to say, has now been formally sanctioned by the Governor General-in-Council * * *

13. *Letter No.* 5552—155, *dated Bangalore,* 29*th October* 1892, *from the Registrar of the Chief Court of Mysore, to the Chief Secretary to the Dewan of Mysore.*

I am directed to forward for the consideration and orders of Government the question raised by the District Magistrate of Kolar, in his letter No. 1287—844 of the 22nd instant, copy of which is enclosed, whether distress warrants issued by the Courts in the Civil and Military Station, Bangalore, can be executed in Mysore, and to state that, in the opinion of the Judges, there ought to be reciprocity of action in the matter; more especially as the Civil and Military Station forms part of the Territories of Mysore. It seems desirable to come to a definite understanding on the point, and to issue a notification so as to remove all doubts.

Enclosure to the above.

14. *Letter No.* 1287—844, *dated Kolar,* 22*nd October* 1892, *from the District Magistrate of Kolar, to the Registrar of the Chief Court of Mysore, Bangalore.*

I have the honor to state that the Second Magistrate, Civil and Military Station, Bangalore, has forwarded to this Court for execution a warrant to enforce the payment of maintenance by distress and sale of defendant's property under Section 488 of the Criminal Procedure Code, in Criminal Miscellaneous Case No. 101 of 1892 on the file of his Court. I beg to be informed whether distress warrants issued by the authorities in the Civil and Military Station, Bangalore, can be executed in Mysore, or whether the instructions contained in your letter No. 1441—173 of the 3rd April 1891, to the address of the Sessions Judge, Nundydrug Division, are also applicable to the case under reference.

An early reply is solicited.

Enclosure to Registrar's letter No. 5892—160, dated 14th November 1892.

15. *Letter No.* 1441—173, *dated Bangalore,* 3*rd April* 1891, *from the Registrar of the Chief Court of Mysore, to the Sessions Judge, Nundydrug Division.*

In reply to your letter No. 555—249 of the 14th February last, forwarding copy of a docket from the District Magistrate of Kolar, bringing to notice that the District Magistrate of North Arcot returned, unexecuted, a fine levy warrant, issued in Kolar Sessions Case No. 3 of 1890, I am directed to state that the notification quoted by the District Magistrate does not seem to apply to distress warrants. The Madras High Court, in Proceedings dated 28th July 1879 (see Weir's Digest page 987), held that not only Mysore distress warrants cannot be executed in British India, but similar warrants issued by the authorities in Madras also cannot be executed in Mysore.

2. In para 15 of their letter No. 84 J., dated 25th June 1878, printed at page 21 of the late Chief Commissioner's Proceedings for July 1878, the Government of India have expressed themselves very guardedly. They say that "the processes of Mysore Courts would be respected in British India to the extent and in the manner provided for by Act XI of 1872, and by the Civil Procedure Code, the services of summonses being ensured by executive orders." A distress warrant is not referred to in Act XI of 1872.

16. *Letter No.* 13138—*J. F.* 158-92, *dated* 27*th January* 1893, *from the Dewan of Mysore, to the Resident in Mysore, Bangalore.*

I have the honor to forward herewith for your consideration, copies of the correspondence specified in the margin, regarding the execution by the Courts in Mysore of fine warrants issued by criminal courts in the Civil and Military Station of Bangalore and *vice versa.*

1. Letter No. 5552—155, dated 29th October 1892, from the Registrar of the Chief Court, to the Chief Secretary.
2. Letter No. 1287—844, dated 22nd idem, from the District Magistrate of Kolar, to the Registrar, Chief Court.
3. Letter No. 1441—173, dated 3rd April 1891, from the Registrar, Chief Court, to the Sessions Judge, Nundydrug Division, referred to in the above letter.

2. The Durbar concurs in the view taken by the Judges of the Chief Court that it is desirable that there should be a reciprocity of action in the matter. Should you also concur in this opinion, I request that the Government of India may be moved to issue a notification as suggested by the Chief Court.

---

17. *Letter No.* 634—726-35, *dated Bangalore,* 24*th February* 1893, *from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.*

I am directed to acknowledge the receipt of your letter No. 13138—J. F. 158-92, dated the 27th January 1893, requesting that the Government of India be moved to issue a notification establishing reciprocity of action in the matter of criminal distress warrants between the Civil and Military Station of Bangalore and the Mysore State.

2. In reply, I am to invite your attention to this office letter No. 1612-264 and to letter No. 34 from the Mysore Government to this office, dated the 10th and 19th November 1884 respectively, and to inform you that a notification by the Government of India appears to be superfluous, as they have accorded their formal sanction to the arrangements of 1881 under which reciprocity of action in respect of all criminal processes existed between the Civil and Military Station and the Mysore State.

---

18. *Letter No.* 16793—*J. F.* 158-92, *dated* 13*th April* 1893, *from the Chief Secretary, to the Registrar of the Chief Court of Mysore.*

With reference to your letter No. 5552—152, dated the 29th October last, soliciting orders of Government as to whether distress warrants issued by the courts in the Civil and Military Station can be executed in Mysore or not, I am to observe that complete reciprocity exists between the Civil and Military Station of Bangalore and the rest of the Mysore State as regards the execution of all criminal processes by virtue of the arrangement existing between the Durbar and the British Government since the Rendition of 1881, and that there is no reason to think that the distress warrants in question are other than "criminal processes."

Police.

19. *Letter No.* 3782-7347, *dated Bangalore,* 6*th November* 1889, *from the Assistant to the Resident in Mysore, to the Dewan of Mysore.*

In continuation of previous correspondence, I am directed to enclose for your information a copy of a letter addressed to the District Superintendent of Police in the Civil and Military Station on the subject of direct correspondence between him and officers of the Mysore State.

2. I am to suggest the expediency of your issuing similar orders to your subordinate officers as regards their conviction registers.

Enclosure to the above.

20. *Letter No. 3781-7347, dated Bangalore, 6th November 1889, from the Assistant to the Resident in Mysore, to the District Superintendent of Police in the Civil and Military Station of Bangalore.*

In modification of previous instructions on the subject of direct correspondence with officers of the Mysore State, I am directed to state that extracts from conviction registers may in future be forwarded by you direct to the officers concerned.

2. I am to return the sixteen extracts received from your office on the 2nd instant for direct transmission to the addressees.

---

21. *Letter No. 6426-703, dated 18th November 1889, from the Chief Secretary to the Dewan of Mysore, to the Inspector General of Police in Mysore.*

Forwards for information and guidance and for communication to Police officers the accompanying copy of a letter No. 3782-7347, dated the 6th November 1889, from the Assistant to the Resident, and of its enclosure, with the remark that the procedure laid down in the Resident's instructions to the Civil and Military Station Police will be adhered to in future by the Police of the State.

---

22. *Letter No. 1892-76, dated the 19th May 1891, from the Chief Secretary to the Dewan of Mysore, to the Assistant to the Resident in Mysore.*

I am directed to request that you will be good enough to move the Resident to accord a general permission for direct correspondence in Police matters between the Mysore Police and the Police of the Civil and Military Station.

2. Results in Police work depend much on quickness and promptitude in interchange of information, and the freedom which exists for direct correspondence between the Mysore Police and the Police of adjoining British Collectorates has in no small degree contributed to diminution and sometimes entire suppression of crime on the frontier.

3. Similar freedom in respect of interchange of communications, such as furnishing information of crime, circulating lists of stolen property, and other intelligence for the detection and perhaps even for prevention of crime, between the Civil and Military Station Police and the Mysore Police, should prove equally beneficial, as offences committed in the districts are sometimes traced to bad characters who live within Civil and Military Station limits, and probably also *vice versa*.

4. At present, extracts from conviction registers may alone be exchanged direct.

---

23. *Letter No. 1652—734-7, dated Bangalore, 1st June 1891, from the Assistant to the Resident in Mysore, to the Dewan of Mysore.*

I am directed to acknowledge the receipt of your letter No. 1892-76, dated 19th May 1891, in which you ask that a general permission for direct correspondence in Police matters between Mysore Police and Police of Civil and Military Station may be accorded.

2. In reply, I am to inform you that the Resident regrets he is unable to accord the sanction to any general permission, as it is opposed to the rules and custom in use under the Government of India, but he is prepared to grant permission for direct correspondence in matters such as those referred to in paragraph 3 of your letter, namely:—

(i) furnishing information of crime,
(ii) circulating lists of stolen property,
(iii) intelligence of an urgent nature for detection and prosecution of crime.

No. 2568—280, dated 10th June 1891.

ORDER THEREON.—Communicated to the Inspector General of Police for information and guidance.

24. *Letter No.* 1901—130, *dated* 21*st November* 1887, *from the Inspector General of Forests and Plantations in Mysore, to the Chief Secretary to the Dewan of Mysore.*

Referring to your docket No. 4431-40—Cir. 110, of the 12th instant, forwarding copy of a resolution by the Bombay Government No. 2238 of the 8th ultimo, and requesting that all communications addressed to the officers of the Southern Mahratta Railway Company may be sent to your office for transmission to the addressees through the Resident and the Bombay Government, I have the honor to state that if intercommunications between the officers of the Durbar and the Southern Mahratta Railway officers be interdicted, serious inconvenience and delay will probably arise, particularly in cases of fuel supply, payments for the same, or the sleepers for which bills are made out monthly and sent to the Superintendent, Way and Works, for acceptance, and generally in all petty matters connected with accounts, &c., which the local officers of the Company and the Durbar officers may settle between themselves. Under the new arrangement I presume all letters addressed by District and Forest officers to the officers of the Company have to pass first through my office, thence yours, and lastly through the Resident's office, which procedure would simply increase correspondence and cause unavoidable delay.

---

25. *Letter Camp No.* 1894, *dated* 25*th November* 1887, *from the Chief Secretary to the Dewan of Mysore, to the Assistant to the Resident in Mysore.*

I am directed to forward, for such action as you may deem necessary to take, copy of letter No. 1901-130, dated 20th November 1887, from the Inspector General of Forests and Plantations, representing the inconvenience which would probably arise in interdicting direct communications with the officers of the Southern Mahratta Railway Company, and to add that in the opinion of the Dewan, considerable delay might occur in adhering to the procedure laid down, and that as a modification, he would suggest that all routine correspondence, such as are enumerated by Mr. Ricketts, might be conducted as heretofore.

---

26. *Letter No.* 563-65-67—*En. 1, dated* 16*th February* 1888, *from Major D. Robertson, Assistant to the Resident in Mysore, to the Dewan of Mysore.*

With reference to your office letter Camp No. 1894, dated the 25th November 1887, I am directed to forward for the information of the Durbar a copy of Resolution No. 229, dated the 31st January 1888, of the Government of Bombay in the Public Works Department, modifying the orders contained in Resolution No. 2238, dated the 8th October 1887, in so far as to admit of direct correspondence between the officers of the Southern Mahratta Railway Company and those under the Durbar on points of detail clearly included within some outline already distinctly traced and approved by the Bombay Government.

Enclosure to the above.

Southern Mahratta Railway; Mysore Railway.—Direct official communication between the officers of the Mysore State and of the Railway.

Government resolution No. 2238, dated 8th October 1887.

Memorandum No. 210, dated 11th January 1888, from the Political Dept.

Transfers letter No. 4039-6567, dated 16th December 1887, from the Resident in Mysore, and enclosures, enquiring whether it may be presumed that the procedure prescribed in the above quoted resolution, prohibiting direct official communication between the Mysore State and the Southern Mahratta Railway officers, is not to be adopted in matters of mere routine.

From the Consulting Engineer for Railways, dated 23rd January 1888.

Submits letter No. 69, dated 14th January 1888, and accompaniments, from the Agent, Southern Mahratta Railway Company, on the same subject.

RESOLUTION.—The Governor in Council is pleased to modify the orders contained in Bombay Government Resolution No. 2238, dated 8th October 1887, regarding direct official communication between the officers of the Southern Mahratta Railway Company and those under the Mysore Government, in so far as to admit of direct correspondence on points of detail clearly included within some outline already distinctly traced and approved by Government. The Agent, Southern Mahratta Railway Company, should submit proposals showing the extent to which he considers such correspondence may be permitted.

Copy of the above is forwarded to the Deputy Commissioners of the Bangalore, Tumkur, and Chitaldrug Districts for information.

27. *Letter No.* 1382-6567, *dated Bangalore,* 24*th April* 1888, *from the Assistant to the Resident in Mysore, to the Dewan of Mysore.*

In continuation of my letter No. 563-6567, dated 16th February 1888, I am directed to forward for the information of the Durbar a copy of the resolution of the Government of Bombay in the Public Works Department, No. 724, dated the 7th instant, authorizing direct correspondence between Durbar officials and the officers of the Southern Mahratta Railway Company of and above the rank of a Sub-Divisional Officer, on routine matters, such as the supply of fuel, &c.

S. M. Railway, Mysore Railway.—Direct official communication between the officers of the Mysore State and of the Railway.

No. 724 OF 1888, P. W. DEPARTMENT, RAILWAY.

BOMBAY CASTLE, 7*th April* 1888.

READ AGAIN:—Government Resolution No. 229 of 31st January 1888; from the Consulting Engineer for Railways, No. 2099, dated 26th March 1888. Submits the following letter No. 5254-2095, of the 16th idem, from the Agent and Chief Engineer, Southern Mahratta Railway Company—

"With reference to Government Resolution No. 229, dated 31st January 1888, I have the honor to inform you I see no reason why the Company's officers should not correspond with the Mysore State officials on matters of routine affecting the Company's business, in the same manner as the Southern Mahratta Railway officers communicate direct with the officials of the British Government on like subjects.

"2. The Agent is nominally the sole channel of communication between the Company's officers and Government, but in practice on this and other Guaranteed Railways the Company's officers communicate with Government officials in regard to such questions as may arise in connection with fuel supplies, land, and the ordinary business of the railways as carriers, &c., the Agent dealing with the Consulting Engineer on questions relating to policy, projects, sanctions, and such subjects as require the approval or sanction of the Secretary of State; and the same procedure with regard to the railway might very advantageously be adopted.

"RESOLUTION.—The Governor in Council is pleased to approve of the proposals of the Agent and Chief Engineer, Southern Mahratta Railway Company. Direct official correspondence should, however, be confined to officers of the Southern Mahratta Railway Company and no one under the rank of a Sub-Divisional Officer, *i.e.*, an Assistant Engineer or other officer holding analogous rank, should be permitted to correspond on any matter with Mysore Government officials."

No. 866-73—Cir. 23, dated 9th May 1888.

Copies of the foregoing are forwarded to Deputy Commissioners of Districts for information and guidance.

Other Correspondence.

28. *Extract from Letter No. 272-15, dated Bangalore, 7th May 1883, from the Assistant Resident in Mysore, to the President, Municipal Commission, Civil and Military Station.*

* * *

It has been arranged with the Durbar that official correspondence shall hereafter be carried on between the officers of the Civil and Military Station and of the Mysore State through the Resident on one side and the Dewan on the other. This rule will in future be strictly observed by all officers in the Civil and Military Station. * * * *

4. The attention of all officers of the Mysore Government is drawn to the arrangement entered into between the Durbar and the Resident and referred to in the concluding paragraph of the Assistant Resident's letter above read as regards official correspondence between the officers of the Mysore Governmet, and of the Civil and Military Station.

6. The Resident has no objection whatever to make to any of the arrangements made or to the conditions specified in Secretary to Mysore Government Public Works Department Letter No. 3436 of 20th November last; but he wishes to point out that, in Bangalore as elsewhere, it has always been the rule for the Military authorities to communicate with the Durbar through the Resident, and that in a matter like this of an important and permanent character in which orders of the Government of India were carried out to completion, it was clearly necessary that this course should have been followed. The Durbar will also recollect that only some three months before this correspondence began, Sir James Gordon, with reference to the difference between the District Magistrate, Civil and Military Station, and the Secretary to the Mysore Government Public Works Department, on the subject of the Miller's tank channels, passed orders strictly requiring all correspondence other than simple routine between officers of the Civil and Military Station and the Durbar to pass through the Resident's office. It is believed that you also issued similar instructions to officers of the Mysore Government. Mr. Lyall is therefore surprised that the necessity was not perceived in this case.

3. I am to observe that a perusal of the papers relating to this subject shows that direct correspondence has taken place between the President of the

Municipal Commission and officers of the Mysore Government. This procedure is opposed to the established custom and has resulted in unnecessary delay. In this connection attention is invited to this office letter No. 836—153, dated the 11th July 1884.

33. *Letter No. 4781, dated Bangalore, 2nd December 1895, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.*

The General Officer Commanding the Bangalore District has represented that much inconvenience has been experienced by Military officers not being allowed to correspond direct with the Durbar officers on such subjects as rice certificates and other minor details connected with recruiting for regiments, and he has asked the Resident whether in such small matters which require prompt settlement, direct correspondence may not be permitted.

2. Direct correspondence on the subject of rice certificates would be unobjectionable, but opinions are liable to differ as to whether certain matters are "of minor detail" or not, and considerable inconvenience has been experienced in this office by direct correspondence having been carried on on a subject which, though at the outset seemingly trivial, afterwards assumed a greater or less degree of importance. Mr. Mackworth Young is however of opinion that it is quite possible to make certain exceptions to the procedure referred to in para 3 of this office letter No. 4061 of the 12th October last, and is inclined, after consulting the local Military authorities, to allow direct correspondence on the following subjects :—

(1) Supplies for troops at field training.
(2) Relative to recruiting parties in districts.
(3) Relative to claimants for family pension.
(4) Rice certificates.

3. I am to enquire whether the Durbar sees any objection to the proposal

CIRCULAR ORDER.—Deputy Commissioners of Districts should invariably submit to Government immediate information regarding the occurrence of assaults upon camp followers of British troops, or of other offences of a similar nature, with details as to attendant circumstances, etc. The progress of the action taken in connection therewith should also be reported from time to time for the information of Government.

2. Direct correspondence in such matters with the British Military authorities is opposed to standing orders and should not be carried on.

---

37. *Letter No.* 3631, *dated 2nd September* 1897, *from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.*

The General Officer Commanding the Bangalore District has submitted for the consideration of the Resident, a proposal to allow direct correspondence between the officers of the Mysore State and the Military authorities on the following subjects with a view to curtail correspondence without inconvenience—

(*a*) Commissariat and Transport Resource Reports.
(*b*) Extracts from long rolls of deserters.
(*c*) Hiring of Mysore Government Plantations and of City Municipal lands for hay growing purposes.
(*d*) Complaints in connection with kavals as regards trespass encroachments, cattle-pound authorities, &c.
(*e*) Supplies to troops marching on permanent transfer.
(*f*) Price lists.

2. Colonel Robertson is of opinion that the proposal, to add *a*, *b*, *c* and *f*, to the subjects enumerated in my letter No. 723, dated the 2nd March 1896, seems to be unobjectionable, but that it is advisable that correspondence on *c* and *d* should pass through this office.

3. I am to ask you to favor the Resident with your views on the subject at your early convenience.

38. *Letter No.* 3290—*P. F.* 17-96, *dated* 10*th September* 1897, *from the Secretary to the Government of Mysore, General and Revenue Departments, to the First Assistant to the Resident in Mysore.*

In reply to your letter No. 3631, dated the 2nd instant, I am directed to state that the Durbar have no objection to the British Military authorities corresponding direct with the officers of the Mysore State on the subjects marked (*a*), (*b*), (*e*) and (*f*) in the first para of that communication. The Durbar agree with the Resident in thinking that it is advisable that correspondence relating to (*c*) and (*d*) should pass through the Residency and this office.

With reference to your letter No. 3290—P. (1) Commissariat and Transport Resource Reports.
(2) Extracts from Long Rolls of Deserters.
(3) Supplies to troops marching on permanent transfer.
(4) Price lists.

2. In connection with questions relating to the leasing of Mysore Government Plantations and of City Municipal lands for hay growing purposes and to complaints concerning kavals as regards trespass encroachments, cattle-pound authorities, etc., His Excellency the Lieutenant General concurs with Colonel Robertson that correspondence on these matters should pass through this office and that of the Dewan of Mysore.

Report from Mr. V. P. Madhava Rao, President of the Diamond Jubilee Committee for the Bangalore City, regarding the arrangements made for celebrating the completion of the sixtieth year of the reign of Her Majesty the Queen-Empress of India.

READ ALSO :—

Letter No. 26, dated 29th September 1897, from the same Officer.

In continuation of my report on the celebration of the Diamond Jubilee of the Reign of Her Most Gracious Majesty the Queen-Empress of India, I have the honor to forward herewith the accounts of the expenditure incurred in connection with the above celebration.

2. The accompanying statement gives details of expenditure under each head with remarks for the excess over the allotments made by the Committee.

3. It will be seen from the resolutions of the first meeting of the Committee held on the 29th May 1897, that it was not possible to limit the expenditure to Rs. 5,000, the amount originally sanctioned by Government in their Official Memorandum No. 142—D. C., dated 25th May 1897.

4. At a meeting held on the 31st May 1897, the Committee made allotments for the various entertainments in connection with the fete amounting in all to Rs. 10,955. The Government were thereupon pleased to increase the grant to Rs. 10,000, including the Rs. 2,000 contributed by the City Municipality.

5. In making these allotments, certain items of expenditure, which could not then be anticipated had subsequently to be incurred, in order to meet the requirements of the combined celebration by the City and Station Committees, as directed by Government in their Official Memorandum No. 143—D. C., dated 25th May 1897.

6. The total expenditure incurred amounts to Rs. 18,621-7-0, of which Rs 10,000 were sanctioned by Government. The excess expenditure which the Government are requested to be pleased to sanction is thus Rs. 8,621-7-0.

7. In the margin is shown the original allotment against each item of the Programme, the actual expenditure and the excess.

8. The accounts connected with the expenditure have been audited by a Sub-Committee composed of Messrs. A. Sreenivassacharlu, D. A. Choksi and J. Cameron and the charges have been thoroughly scrutinized.

9. The Committee, while expressing their apprehensions that the expenses incurred may appear rather high in the estimation of Government, beg leave to assure the Government that it was not possible to celebrate such an occasion on such a large scale, within the allotment made by the Government.

10. One of the items that went to swell the charges was the triumphal arches. It was expected that the Civil and Military Station Committee would do something in this direction but the whole work devolved on the City Committee and we had to put up arches at the four entrances to the Park. The designs decided upon being very elaborate, the allotment made had to be further exceeded.

11. The amount realized by the sale of materials, &c., was Rs. 431-5-3. Casurina poles and bamboos were kindly supplied by the Forest Department without charge and these were returned to that Department.

12. It was feared that the following articles which cost the Committee Rs. 1,723 in preparing could not be sold except at great loss. The Committee decided that they might be handed over to the Mysore Municipality for use on public occasions. Accordingly 5,100 lanterns, transparencies of the Queen-Empress, His Highness the Maharaja and the British and Mysore Coat of Arms were sent to the Vice-President of the Mysore Municipality.

13. In connection with the illumination of the Public Offices, I may be allowed to record here, a few points which might be useful when work of a similar kind is attempted on future occasions. The tin lanterns used were too small. They did not admit of full size candles being fixed in them and got so badly heated in a short time as to cause the candles to melt much sooner than would otherwise be the case, thus causing a great deal of waste. The panes of glass also get cracked and the lanterns being light are easily dislodged by the wind and are thus broken. Their size also renders their handling very inconvenient when lighting. I would recommend that the minimum size of lanterns to be used on such occasions in future be 9" × 6".

14. The precautions against fire, as detailed in para 25 of my first report, should always form an item of any programme for future illuminations.

15. The scaffolding prepared for the occasion fortunately answered all purposes and there were no accidents, but it should be used with the greatest care. I would suggest that permanent iron ladders moving on wheels like those in use in the Railway station for repairing the roof of the platform may be ordered and kept for future requirements. There is a scaffolding like this in the Public Works Department Stores made of wood. The iron ladders now proposed will be available for use in the Public Works Department on ordinary days.

16. The Committee wish to place on record the valuable services rendered by Mr. J. Cameron and Mr. Srinivasa Rao, as Joint Secretaries of the Diamond Jubilee Committee. Mr. Srinivasa Rao was indefatigable in his exertions and took an active share in working almost every item of the programme and contributed to its success. I need not say how hard and zealously the other members worked. The names of the members of the different Sub-Committees have been already given in the first report.

No. 5172-84—Mis. 994, dated, Bangalore, 8th November 1897.

Order thereon.—The report now submitted shows that the original grant of Rs. 10,000 sanctioned in Proceedings No. 143—D. C. of the 25th May last, has had to be exceeded by a sum of Rs. 8,621-7-0. In sanctioning this additional expenditure from State Funds and ordering that the amount be at once placed at the disposal of the President, the Government take this opportunity of placing on record their high appreciation of the excellent work done by the President, Members and Secretaries of the Diamond Jubilee Committee, whose services in rendering the celebration of that auspicious event in the Bangalore City a gratifying success, entitle them to the best thanks of Government.

2. The suggestions made by Mr. Madhava Rao in the concluding portions of his letter will be communicated to Deputy Commissioners, the Presidents of the Bangalore and Mysore City Municipalities and the Chief Engineer.

(1) Letter No. 3631, dated 2nd September 1897, from the First Assistant to the Resident in Mysore.

The General Officer Commanding the Bangalore district has submitted, for the consideration of the Resident, a proposal to allow direct correspondence between the Officers of the Mysore State and the Military authorities on the following subjects with a view to curtail correspondence without inconvenience.

(*a*) Commissariat and Transport Resource Reports.
(*b*) Extracts from Long Rolls of Deserters.
(*c*) Hiring of Mysore Government plantations and of City Municipal lands for hay-growing purposes.
(*d*) Complaints in connection with kavals as regards trespass, encroachments, cattle-pound authorities, &c.
(*e*) Supplies to troops marching on permanent transfer.
(*f*) Price lists.

2. Colonel Robertson is of opinion that the proposal, to add, *a*, *b*, *c* and *f* to the subjects enumerated in my letter No. 723, dated the 2nd March 1896, seems to be unobjectionable, but that it is advisable that correspondence on *c* and *d* should pass through this office.

3. I am to ask you to favor the Resident with your views on the subject at your early convenience.

(2) **Letter No. 3290**—P. F. 17-96, dated 10th September 1897, to the First Assistant to the Resident in Mysore.

In reply to your letter No. 3631, dated the 2nd instant, I am directed to state that the Durbar have no objection to the British Military authorities corresponding direct with the Officers of the Mysore State on the subjects marked (*a*), (*b*), (*e*) and (*f*) in the first para of that communication. The Durbar agree with the Resident in thinking that it is advisable that correspondence relating to (*c*) and (*d* should pass through the Residency and this office.

(3) **Letter No. 4508**, dated 29th October 1897, from the First Assistant to the Resident in Mysore.

With reference to your letter No. 3290—P. F. 17-96, dated the 10th ultimo, I am directed to state that, after consulting His Excellency the Lieutenant General Commanding the Forces, Madras, the Resident has no objection to the addition of the following subjects to those in respect of which direct correspondence has been permitted in this office letter No. 723 of the 2nd March 1896 between the Military authorities and the officials of the Mysore State.

(1) Commissariat and Transport Resource Reports.
(2) Extracts from Long Rolls of Deserters.
(3) Supplies to troops marching on permanent transfer.
(4) Price lists.

2. In connection with questions relating to the leasing of Mysore Government plantations and of City Municipal lands for hay-growing purposes and to complaints concerning kavals as regards trespass, encroachments, cattle-pound authorities, &c., His Excellency the Lieutenant General concurs with Colonel Robertson that correspondence on these matters should pass through this office and that of the Dewan of Mysore.

No. 5326-35—Mis. 1035, DATED, BANGALORE, 11TH NOVEMBER 1897.

ORDER THEREON.—The foregoing correspondence will be communicated to the Deputy Commissioners of districts, the Conservator of Forests, and the President, Bangalore City Municipality, for information and guidance.

Report on the working of Hospitals and Dispensaries in Mysore for the year 1895-96.

No. 5451—Mis. F. 7-97, DATED, BANGALORE, 12TH NOVEMBER 1897.

REVIEW THEREON.—Owing to the reversion to the British service in April 1896 of Surgeon Lt.-Col. T. J. McGann who had rendered valuable service for over 11 years as Senior Surgeon with the Government, Surgeon Lt.-Col. P. H. Benson was appointed Senior Surgeon and Sanitary Commissioner in his place.

2. The total number of Hospitals and Dispensaries was only two more than in the previous year (*viz.*, 117 against 115), but the number of out-patients showed an increase of 83,909 and of in-patients an increase of 252. There was an appreciable decrease in the ratio of deaths to the total number treated as in-patients, the percentage being 3·81 as against 4·20 in the previous year.

3. One hundred and seventy-two cases of cholera were treated in the districts of Chitaldrug, Kolar and Shimoga, 113 of these being in the first mentioned district. It is reported that there was not a single death among them.

4. The Senior Surgeon, while giving the number of small-pox cases treated during the year under review, has omitted to give the number of deaths, which should have been furnished for purposes of comparison.

5. There was a slight decrease, as compared with the previous year, in the number of major operations from 615 to 601, while the number of minor operations showed a considerable increase from 16,828 to 19,043.

6. The total expenditure was Rs. 1,60,981 as against Rs. 1,59,705 in the year 1894-95. The contributions from Local and Municipal Funds amounted to Rs. 64,445 as against Rs. 52,152 in the previous year.

7. The percentage of the total cost paid by the Government was 71·08 as against 69·37 of the preceding year.

8. In the year under report, Government directed that the entire cost of maintaining the Hospitals at Kolar, Tumkur and Hassan should, as in the case of other District Hospitals, be met from the Provincial budget.

9. During the year the number of midwives increased from 65 to 85. The ratio of deaths per mille of total number of cases attended by them shows a satisfactory decrease from 25·35 in 1894-95 to 14·72 in 1895-96. Five pupil-midwives were under training at the close of the year, two in Mysore and three in Madras.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

No. 5508-10—Mis. 1093, DATED, BANGALORE, 13TH NOVEMBER 1897.

ORDER.—The strength of Assistant Commissioners in the Shimoga and Hassan districts has, for a short time past, been as follows:—

Shimoga.

3 for General duty.
1 for Treasury charge.

Hassan.

2 for General duty.
1 for Treasury charge.
1 for Saklespur.

2. Government are of opinion that in each of the abovementioned districts, there is one Assistant Commissioner for General duty in excess of actual requirements, and they are pleased to direct that the strength be reduced accordingly.

3. The office establishment of the Assistant Commissioner, thus dispensed with, should be brought on the supernumerary list and absorbed as early as practicable as vacancies occur in other offices in the aforesaid districts. No new men should be entertained until all the men forming the above establishment are provided for.

Letter No. A, dated 27th October 1897, from the District Magistrate, Bangalore, submitting the record of the enquiry held by the Magistrate of the Closepet division of the Bangalore district into the accident at the Mallur Bridge, Southern Mahratta Railway, on the night of the 22nd September 1897.

No. 29-30—D. C., DATED 6TH NOVEMBER 1897.

ORDER THEREON.—Government resolve to forward the entire record of the above mentioned enquiry to Mr. Justice J. W. Best, the Chief Judge of Mysore, with a request that he will, after such investigation as he may deem necessary, be so good as to favor the Government with his opinion upon the Magistrate's conclusions generally, and with special reference to the following matters connected with the accident in question.

(1) Whether the bridge gave way before the arrival of the 70 Down train or under the weight of that train.

(2) Whether the gang maistri and gangmen attached to the section in question were at their posts on the 22nd September, or were they otherwise employed, and, if so, where and how?

(3) Did the condition of the bridge before the nightfall of the 22nd September cause any such anxiety regarding its stability as to suggest the necessity for the adoption of special precautions.

(4) Whether the Magistrate's estimate of the number of deaths requires any and what modification by the light of any evidence which the Railway authorities may be able to adduce or any other additional evidence which may be available.

2. Due intimation of the time and place of local inspection and enquiry by Mr. Justice Best will be given to the Railway authorities and to the Inspector General of Police in Mysore, in view to the needful facility being afforded him for the examination of Railway and other witnesses.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—Mr. Justice J. W. Best, Chief Judge in Mysore.
The Inspector General of Police in Mysore.

READ:—

Letter No. 1720—490, dated 18th November 1897, from the Deputy Commissioner, Kolar district.

I have the honor to acknowledge the receipt of Government Official Memorandum No. 4976-85—M. 962, dated the 4th instant, and to state that the Senior Surgeon has been requested to direct the Hospital Assistants at Malur, Bowringpet and Goribidnur to examine, treat or keep under observation as may be necessary, persons coming from plague affected localities to any of the stations in this district.

2. The introduction of the plague is safeguarded so far as the railway communication is concerned by the deputation of Policemen on plague duty at the various stations. They still continue to do this work and a suspected case of a Muhammadan contractor travelling from Bombay and who broke his journey *en route* at Hubli and there booked himself to Bowringpet was traced by them. The man was fortunately only suffering from high fever and was discharged after being kept under observation by the Hospital Assistant at Bowringpet.

3. I beg to state that it is very important that some arrangement should be made to prevent as effectively as possible persons coming into the Gold Fields by the various roads bringing with them the germs of plague, cholera and other epidemics. The Gold Fields is a large industrial centre giving employment to nearly 20,000 coolies who are mostly poor and reckless about their health and life. Mr. Ballard has, under my instructions, opened some Police Ukkads at convenient places along the various routes to see to the condition of the coolies. This imposes additional work upon the Gold Fields Police who are already overworked and Mr. Ballard has applied for a temporary increase. I shall try the present arrangement for a little while longer and then submit proposals for such increase as may be required.

No. 6253—MIS. F. 21-96, DATED, BANGALORE, 30TH NOVEMBER 1897.

ORDER THEREON.—The arrangements made in the foregoing letter are approved and the Government will be glad to increase the Police Force temporarily, if necessary, in connection with the opening of the Ukkads referred to. The further report promised will be awaited.

EDUCATION.

Proceedings of the Government of Mysore.

READ:—

Letter No. 2394—68, dated 13th September 1897, from the Inspector General of Education in Mysore, submitting for sanction a list of schools recommended for new monthly grants-in-aid amounting to Rs. 4,068 per annum, with effect from 1st July 1897.

2. Letter No. 2395—69, dated 13th September 1897, from the same Officer, submitting for sanction another list of schools recommended for increases of monthly grants-in-aid amounting to Rs. 2,408 per annum, with effect from 1st July 1897.

No. 5266-7—Ed. F. 26-96, DATED, BANGALORE, 10TH NOVEMBER 1897.

ORDER THEREON.—In the list of new monthly grants, the amount of grant recommended in many cases is more than what is admissible under the Grant-in-aid Rules, dated 1st May 1873. In the absence of explanation for such deviation from the rules, Government are not prepared to sanction more than half of the present establishment cost of each school. They are accordingly pleased to sanction the award of grants-in-aid as per annexed statement.

2. The private Sanskrit School at Tumkur was proposed to be made a Government institution in the Dasara Representative Assembly of 1896, while in the present list a grant of Rs. 15 per mensem has been recommended. The people of Chikmagalur have long been praying for a Government Girls' School in the station. Chikmagalur being the head-quarters of a district, a Government Girls' School there seems desirable instead of an aided institution. The Inspector General is requested to make a separate reference about this, showing the present cost of establishment of the Private Hindu Girls' School and the cost of establishment required for a Government institution. With regard to the Students' Homes at Tumkur and Hassan, the attention of the Inspector General is drawn to Government Proceedings No. 1218—Ed. F. 42-96, dated 22nd July 1897, in which he was requested to frame rules for the management, &c., of such Homes. Information should also be furnished regarding the cost of establishment, the amount collected for the purchase of vessels, &c., and the existence of any committees of management. Pending a report on these points, these four institutions are omitted from the list.

3. Turning to the Inspector General's second proposal, *viz.*, the *increase* of grants, Government are pleased to sanction the following increases :—

No.	Name of School.	Present grant.	Increased grant.	Increase.
		Rs.	Rs.	Rs.
1	Wesleyan Mission Holeya Night School, Tyamagondlu	5	8	3
2	Do Girls' School, Tarikere	10	15	5

8	Sangappadevarus Kannada Boys' School, Gubbi	10	20	10
	Total ...	...	...	96 per mensem or Rs. 1,152 per annum.

The proposed increase of grants to other schools will be deferred, pending the receipt of a report with reference to the remarks made against each of those schools in the following statement :—

Name of School.	Remarks.
1. Sanskrit School, Nanjangud ...	The Muzrai Superintendent should be consulted.
2. Hindustani Girls' School, Hunsur ...	The building grant must be considered separately. No information given as to the number of pupils, &c.
3. Industrial School, Melkote ...	The latest report on the working of the school should be submitted.
4. Aided Hindu Balika Patasala, Horapet, Tumkur.	The number of pupils on the roll should be given.
5. Hindustani Girls' School, Lashkarmohalla, Mysore.	The number of pupils should be given. If a building grant is wanted the information required should be furnished.
6. Aided Hindustani School, Holé-Honnur, Shimoga.	Why was the grant reduced.
7. Fort European School, Bangalore ...	The strength of the school should be given.
8. Aided Girls' School, Saklespur ...	Ditto ditto
9. Sanskrit School, Belur ...	The Muzrai Superintendent should be consulted.
10. The Industrial School, Hassan ...	The present annual income of the school should be stated and the latest report on the working of the school should be submitted.

4. A supplemental grant of Rs. 6,000 is sanctioned under "V. Grants-in-aid" in the Educational State Fund Budget for 1897-98, the extra charge of Rs. 3,864 * now sanctioned being met therefrom.

Correspondence ending with letter No. 2827—81, dated 25th September 1897, from the Inspector General of Education in Mysore, on the subject of improving the Inspecting Staff of the Hindustani Schools in Mysore.

No. 5297-8—Edn. 144, DATED, BANGALORE, 10TH NOVEMBER 1897.

ORDER THEREON.—For the inspection of the Hindustani Schools in the State, (103 Taluk Schools and 105 Village Schools) there are now two Assistant Deputy Inspectors, one for the East, and one for the West Circle. With the view of improving this arrangement, which did not work very satisfactorily, the Inspector General of Education recommended the appointment of an Inspecting Staff, consisting of one Deputy Inspector for all Taluk Schools in the State, and two Assistant Deputy Inspectors for the Village Schools, one for the East and one for the West Circle, the additional cost involved being Rs. 169 a month. An increase of the *number* of Officers of the Inspecting Staff having, however, been considered by Government unnecessary, the Inspector General now proposes to have only two Officers as heretofore, one of them being a Deputy Inspector in charge of all the *Taluk* Hindustani Schools in the State and the other an Assistant Deputy Inspector in charge of all the *Village* Hindustani Schools, subject to the general inspection of the said Deputy Inspector. He accordingly recommends that Mr. Syed Mahamed, Assistant Deputy Inspector of Hindustani Schools, East Circle, may be appointed to the former post, III Grade, on a fixed salary of Rs. 100 per mensem and that Mr. Khaja Mahamed, Assistant Deputy Inspector of Hindustani Schools, West Circle, be styled Assistant Deputy Inspector of Hindustani Schools in Mysore. The Inspector General further proposes the marginally noted establishment for the Deputy Inspector of Hindustani Schools in place of the establishment of the present Assistant Deputy Inspector of Hindustani Schools, East Circle.

Correspondence ending with letter No. 3164—1099, dated 5th November 1897, from the Comptroller to the Government of Mysore, *in re* the manner in which contributions paid by villagers for the construction of school buildings should be shown in the accounts.

No. 5859-60—Ed. F. 20-96, DATED, BANGALORE, 22ND NOVEMBER 1897.

ORDER THEREON.—In July 1897, the Inspector General of Education requested to be informed whether, under the authority of Government Proceedings No. 7877-8—Ed. 19-96, dated 11th January 1897, he might himself sanction the estimates of building works costing more than Rs. 500 but the net cost of which to Government was less than Rs. 500 after deducting the contributions paid by the villagers. The Inspector General was asked to report how these contributions paid by the villagers were treated at present, whether they were credited to the Funds concerned in the Treasury Accounts or were merely held in deposit either in the Treasury or in the hands of the Educational Officers. In reply he reported that such contributions were, as a rule, held in deposit in the Government Treasury until utilized. The Comptroller to whom the matter was referred for opinion states that the contributions paid by villagers for the construction of school buildings in their villages cannot be treated as deposits under the Civil Account Code. He is of opinion that these contributions should be brought on the Treasury Accounts under a separate distinct head immediately below the Village School Fund, the District Auditors in his office maintaining a *plus* and *minus* memorandum of such funds, and all withdrawls therefrom being pre-audited by his office.

2. The Comptroller's suggestion commends itself to Government and is approved.

3. With regard to the question raised by the Inspector General of Education as to whether he may himself sanction building works of which the total estimated cost exceeds Rs. 500, but the net cost whereof to Government falls below the amount where the contribution paid by the villagers is excluded, Government are of opinion that it makes no difference whether the whole cost of the building is borne by Government or only a portion of it. All cases of building works the total estimated cost of which is more than Rs. 500 should be submitted to Government for sanction.

Letter No. 3737—119, dated 3rd November 1897, from the Inspector General of Education in Mysore, requesting sanction to the employment of a Hindustani Munshi for the Chikmagalur High School in Class III of Pandits and Munshis (Rs. 20 rising to Rs. 30 by annual increments of Rs. 2).

No. 5698-9—Ed. F. 8-96, DATED, BANGALORE, 17TH NOVEMBER 1897.

ORDER THEREON.—The Inspector General reports that there are 16 Muhammadans in the High School at Chikmagalur and the number is likely to increase if a Hindustani Munshi is appointed, as there is a large Muhammadan population in Chikmagalur town and some Muhammadan pupils are drawn from other towns of the district. Under these circumstances Government are pleased to sanction the employment of a Hindustani Munshi on the salary proposed, with effect from 1st January 1898.

Letter No. 4513, dated 29th October 1897, from the First Assistant to the Resident in Mysore, orwarding for the information of the Durbar the accompanying copy of a letter No. 1017, dated the 0th ultimo, from the Secretary to the Government of India, Home Department, to the address of he Superintendent of Port Blair, directing that no convict under sentence for poisoning shall be ecommended for release either on medical or other grounds, unless there is ground for thinking hat he is not a professional poisoner.

Letter No. 1017, dated Simla, the 30th September 1897, from the Secretary to the Government of India, Home Department, to the Superintendent of Port Blair.

With reference to Home Department Resolution No. 11—J. 1487-99, dated 16th November 1881, n which it was decided that persons convicted of the crime of robbery by administering poisonous lrugs should not be releasd in any case, I am directed to forward for your information an extract* (paragraph 3) from a letter, No. 4881, dated 3rd July 1897, from the Registrar, High Court of Judicature, North-Western Provinces, in which it is observed that the history of the career of convict Ramadhin, since his return (*vide* correspondence ending with Home Department orders No. 1138, dated the 12th October 1891), from Port Blair, suggests a grave doubt of the wisdom of remitting any portion of a sentence passed upon a poisoner.

* With enclosures.

2. The orders of November 1891, prohibiting the release of persons convicted of robbery by poisoning were intended to apply to professional poisoners and it has accordingly been the practice for the Government of India to refer the recommendation of the Superintendent, Port Blair, for the release of a poisoner to the Local Government concerned, and, on the Local Government's opinion that the convict was not a professional poisoner, and that release might unobjectionably be granted, to release him. This procedure was followed in the case of Ramadhin. On a further consideration of the matter, however, the Government of India have decided that all poisoners should be treated as being *prima facie* professionals, and that no convict under sentence for poisoning shall be recommended by you for release, either on medical or other grounds, unless you are satisfied, from a perusal of the papers sent with him to Port Blair, that there is some ground for thinking that he may not be a professional poisoner. A statement of the reasons for considering a convict not to be a professional poisoner should be submitted in any case in which you recommend his release. The circumstances of Ramadhin's career subsequent to his release on medical grounds nearly six years ago appear, to the Government of India, to show that release on medical grounds is sometimes recommended when the state of the convict's condition does not justify it. I am to request that care may be taken in future to see that the release of a convict on medical grounds is never recommended unless he is absolutely broken down.

"In continuation of this office No. 4868—2031, dated 17th March 1897, I am directed to forward for the approval of Government, a draft addendum containing rules providing for the destruction of unused stamps deposited for the issue of processes in suits, if they are not claimed within three months from the date of passing judgment in the suit, as also for the destruction of unused stamps in suits already disposed of, if application for refund is not made within three months' time, fixed in the notice to be published in the *Mysore Gazette*."

No. 5396-7—J. 621, DATED, BANGALORE, 11TH NOVEMBER 1897.

ORDER THEREON.—The proposed addition to Rule of Practice No. 89 is approved with a slight verbal modification. The Rule of Practice with such addition will be as follows :—

1. When more than the amount required for the service of process is deposited, or when issue of process becomes unnecessary after deposit, the Courts are authorized to refund to the depositor the amount of the surplus fees in money, by orders payable on the treasuries of the district or taluk in which the Court receiving the process is situated, the unexpended stamps duly punched and cancelled being atached thereto as vouchers for the money refunded.

2. A list, in the subjoined form, of refunds so made must be attached to the half yearly cash balance statements headed " Refunds of process fees " and certified as correct by the Presiding Judge.

Name of depositor.	Date of deposit.	Particulars of process fees paid in stamps.	For what purpose paid.	Why not utilized.	Amount of refund.	Date of refund.

3. The unused stamps, for which no refund has been claimed within three months from the date of the passing of the judgment or order in the suit or other proceeding, shall be destroyed by, or in the presence of, the Presiding Officer of the Court concerned.

4. As regards unused stamps in suits or other proceedings already disposed of, a notice shall be published in the *Mysore Gazette* by the Presiding Officer of the Court concerned, fixing three months' time within which application may be made for the refund of the value of such stamps, and after the lapse of the said period, the stamps shall be destroyed by, or in the presence of, the Presiding Officer of the Court.

(1) Letter No. 4062, dated 29th September 1897, from the First Assistant to the Resident in Mysore, forwarding copies of the reports of the Inspector General of Police, Lower Provinces, and of the Committee appointed by the Government of Bengal, regarding the relative merits of the anthropometric system and of the system of identification by finger impressions.

(2) Letter No. 266, dated 28th October 1897, from the Inspector General of Prisons in Mysore, stating, with reference to this office No. 55-6, dated the 18th idem, that the method of identification by means of finger-prints devised by Mr. Henry, may be safely adopted in preference to the anthropometric system, it being so simple that any person whether educated or not, could after half an hour's practice take the finger impressions.

(3) Letter No. 1596—161, dated 30th October 1897, from the Inspector General of Police in Mysore, stating that the anthropometric system may, in view of the experience gained in Bengal and of the opinion expressed by the originator of it, be discontinued in Mysore, and that the new system of identification by finger-prints may be tried here, as it is understood that finger impressions supply a more reliable data for identification.

No. 5535-36—J. 631, DATED, BANGALORE, 15TH NOVEMBER 1897.

ORDER THEREON.—The Government have, after a careful consideration of the papers read, resolved that the anthropometric system, which is too costly and elaborate and cannot be easily and satisfactorily worked, should be discontinued in Mysore, and that in its place the system of identification by finger-prints should be tried as recommended by the Inspectors General of Police and Prisons. This system will be pursued tentatively in the Bangalore Central Jail and in the Jails of Mysore and Shimoga. The Inspectors General of Police and Prisons are requested to submit a report as to its working at the end of one year. On receipt of their reports, Government will be in a position to decide finally as to whether this new system should be continued or not.

3. Excluding the sum shown against tolls, which is the District Fund half of the receipts accrued since the establishment of tolls in May 1894 but credited during the year under report, the net increase in income was chiefly the result of an increase in local cess and in a number of fluctuating items comprised under "Miscellaneous" and of decreases under "Pound receipts" and "Ferry Collections."

4. Much the greater portion of the amount spent by the Public Works Department was incurred on the construction and repair of roads. The establishment charges formed 17½ per cent of the total outlay on works.

5. The want of professional supervising agency is reported to have contributed to the large lapse of Rs. 15,262 in the sanctioned grants for works to be executed by Revenue Officers. The appointment of Work Inspectors recently sanctioned will, it is hoped, obviate lapses to a great extent in the future.

6. Government note with regret that out of the budget grant of Rs. 8,000 available for the purpose, only Rs. 273 was utilized towards conservancy and sanitary measures. As it is of the highest importance that the entire grant, should, as far as possible, be usefully laid out during the year for which it is made, it is hoped that the lapses under this head will hereafter be inconsiderable.

7. Instead of a mere comparison with the budget grants under the several items of Civil charges, the report should also have contained explanations as to why, in each particular instance, the expenditure under "Civil charges" shows an increase or a decrease, as the case may be, as compared with the expenditure for 1894-95. The present report is, in this respect, defective.

8. Out of Rs. 2,583 sanctioned from Local Funds General, only Rs. 946 was spent on the completion of incomplete works of the previous year. The large lapses under this and other heads in the Mysore district are unsatisfactory.

9. The number of patients treated at the several Local Fund dispensaries during the year was 76,713 against 66,810 in the previous year, a fact which testifies to the growing usefulness of these institutions.

A satisfactory improvement is also visible in vaccination, the number of cases having risen from 9,319 to 12,690. There were six midwives in the district, but the quantity and the quality of work done by them have not been stated.

10. The experimental creeper plantation at Talkad is reported to be thriving well and to have effectually prevented further encroachments of sand during the year.

11. The Industrial School at Mysore was maintained as usual from Local Funds General. The total sales of articles manufactured amounted to Rs. 1,547-14-11, and the expenditure to Rs.9,446-13-0. A large balance of Rs. 1,183-9-6 remained outstanding at the end of the year on account of articles sold; this should be collected by the Committee as early as possible. A night class was opened on the 8th June 1896 for imparting elementary instruction. It is gratifying to note, from the special report submitted, that the school is increasing in usefulness.

(2) *Opening Balance.*—This will be raised to Rs. 87,476 with reference to the actual balance shown in Comptroller's accounts for 1896-97.

Expenditure.

(3) *A. Public Works to be executed by Public Works Department. I. Original Works.*—Under this head provision is made for incomplete works (Rs. 702) and for Miscellaneous Public Improvements (Rs. 397). The estimate is passed.

(4) *II. Repairs.*—The increase provided under this head consists of the marginally noted details, which are sanctioned for the current year with the observation that the increase proposed on account of the Budikote Railway feeder is apparently Rs. 30 per mile as given in the budget statement and not Rs. 40 as stated in the District Fund Board's Proceedings. The proposal made by the Board to transfer the maintenance of the Mulbagal-Bowringpet road to Provincial Funds will be referred to the Chief Engineer for opinion.

	Rs.
(1) Cost of incomplete works	375
(2) Increased mileage allotment for Kolar-Venkatagirikota road	750
(3) Ditto Mulbagal-Goribidnur road ...	3,120
(4) Ditto 8 miles of Budikota Railway feeder at Rs. 30 per mile	240
Total ...	4,485

(5) *III. Establishments.*—Owing to the increased allotments made under the heads "Original works" and "Repairs," the provision under this head will be raised to Rs. 7,421, which represents 17½ per cent on the estimates for works.

(6) *B. Public Works to be executed by Revenue Department.*—Under the head of I. Original works, an increase of Rs. 28,583 is provided for purposes noted in the margin. This will be passed and a sum of Rs. 2,853 at 10 per cent thereon will be added under the head of establishment towards the salary of Work Inspectors.

	Rs.
(1) Cost of incomplete works as per statement III	21,915
(2) Cost of 4 musafirkhanas as per details given in statement II	5,000
(3) Other miscellaneous works of an urgent nature as per details given in statement II ...	1,668
Total ...	28,583

Civil Charges.

(7) *V. Sweepers for 3rd Class Travellers' Bangalos and Musafirkhanas.*—The details furnished in the accompanying statement show that the provision to be made on account of the salaries of servants as revised in Proceedings No. 1434-43—L. F. 38-97, dated 24th July 1897, should be Rs. 180 in excess of that entered in the sanctioned budget. The President is requested to state whether the provision should not be modified accordingly.

(8) *III. Hospitals and Dispensaries.*—The President is requested to mention the correct salary of the compounder of the Bowringpet dispensary which is given as Rs. 10 in the District Fund Budget and as Rs. 12 in the Municipal budget.

(9) The budget estimates as now revised will stand as per particulars given in the accompanying statements of which an abstract is given below :—

	Rs.
Balance on the 1st July 1897	87,476
Receipts during 1897-98	77,220

L. B. B.—MUNICIPAL.

Proceedings of the Government of Mysore,

READ :—

Letter No. 27, dated 16th September 1897, from the President of the Municipalities in the Kadur district.

With reference to Government Proceedings No. 7686-7—L. F. 216-92, dated 8th November 1893, directing that the collections of the Sringeri Municipality may continue to be remitted to the Amildar's Treasury at Sringeri, I have the honor to report that the Amildar of Sringeri, in bringing to my notice the occurrence of the theft of Rs. 1,200 in his office on the night of the 27th ultimo, requests that, for safe custody, the municipal monies may be ordered to be kept at the Koppa Taluk Treasury.

2. As Hariharpur (the head-quarters of the Koppa taluk) is 13 miles from Sringeri and the municipal collections cannot be conveniently remitted from day to day, the Amildar proposes that the iron safe supplied to him for securing the municipal funds may be retained at Sringeri to keep the imprest (Rs. 50) and the daily municipal collections; and that at the end of the month the total daily collections be remitted to the Government Treasury at Hariharpur.

3. Accordingly, and in anticipation of the approval of Government, I have authorised the municipal collections of Sringeri being remitted to the Government Treasury at Hariharpur at the end of every month, to be there deposited or credited to Municipal Funds as the case may be.

ALSO :—Letter No. 622, dated 12th October 1897, from the Comptroller to the Government of Mysore.

In reply to your docket No. 4152—L. F. 216-92 of the 7th October 1897, I have the honor to state that as the funds of the Sringeri Municipality are administered by Government and its accounts audited by this office, there is no objection to the collections being remitted to the Government Treasury at Hariharpur and being operated on by the Amildar of Sringeri.

No. 4764-5—L. F. 59-97, DATED, BANGALORE, 1ST NOVEMBER 1897.

ORDER THEREON.—Government are pleased to sanction the arrangement proposed in the above.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of the Municipalities, Kadur District.
The Comptroller to the Government of Mysore.

READ :—

Letter No. 51, dated 2nd August 1897, from the President of the Mysore City Municipality, submitting for sanction a statement showing the arrears of previous years aggregating Rs. 3,390-14-6 proposed to be remitted.

No. 4857-8—L. F. 64-97, DATED, BANGALORE, 3RD NOVEMBER 1897.

ORDER THEREON.—The information given in the remission statement in explanation of several of the items is meagre; and in order to enable Government to deal finally with them a further report is required on the points noticed below.

2. The entries against certain individuals relate to so recent a year as 1895-96, a circumstance which shows that these can have left the municipality only about a year ago and that with vigorous effort the arrears are still likely to be recovered. Some further enquiry should be made in respect of these cases.

3. With respect generally to the items under absent persons (items 1 to 345) Government regret to find that arrears have in very many cases remained uncollected for 2, 3, or even 4 years together, though the defaulters apparently continued to own their shops, looms or carts within municipal limits during those years. Information should have been given as to when the men actually left the city. This should, if possible, be now furnished.

4. Items 346 to 867 are recommended for remission on the ground of the poverty of the defaulters and the absence of property liable to be proceeded against. These grounds are too generally stated to be accepted by Government. Most of the arrears are on account of shop and house taxes. In the case of the former the shops may perhaps have been only temporary ones and there might be difficulty in recovering the taxes. But with regard to houses owned by the defaulters, it is presumed that the valuation of the houses must have been taken into consideration when the assessments were fixed. The President should state what such valuation was in each case of an owner occupying his house himself. The mere assertion of poverty does not count for much and requires further investigation.

5. As regards ruined houses (items 868 to 976) it is presumed that they fell into ruins subsequently to their coming under taxation. Information on this point and as to how many of these houses have been actually unoccupied and deserted should be furnished.

6. Under "Other causes", the following items call for remark :—

Item 1107.—The explanation given is vague. The President should report what was the "usual number" of carriages and animals referred to, and whether the party paid any tax in 1890-91 for the carriages and animals actually kept by him.

Items 1120 to 1122.—The remark against these items is not understood. If the hackney carriages are owned by the persons taxed, who obtain the hire less pay of driver, &c., there seems no reason why they should not pay the tax imposed.

Item 1124.—The amount of house tax first imposed and the valuation upon which the same was based should be reported as well as whether the remission, that is, the reduced rate of tax is to continue only till the house is completed.

Item 1125.—Relates to the market fees of two years. It should be stated whether no security was taken from the defaulter and why the amount was neglected to be collected for two years.

Items 1126-1129.—The fact of such large arrears having been left uncollected is very unsatisfactory. The President is requested to state whether the licenses of the defaulters have been granted to other persons. In the case of item 1130, it is observed that, if the license has not yet been cancelled, there would still appear to be a likelihood of recovery. The fact should be intimated.

7. Except in respect of the items referred to above, for which a separate statement with the required information should be submitted in due course, Government are pleased to sanction the remission of the remaining items, including the whole of the uncollected balances of the years 1889-90, 1890-91, 1891-92 and 1892-93. But in the case of vacant houses (items 1005 to 1025), the remission should be in proportion to the period during which the house was actually vacant, but not so as to exceed half the tax imposed (*vide* Section 66 of the Municipal Regulations) and the remissions in respect of items 1096, 1097 and 1106 are subject to the President satisfying himself after enquiry of the truth of the grounds put forth by the parties.

8. These remission statements should in future be carefully scrutinized and submitted to Government with clear and full explanation in support of each item recommended to be remitted. It is of great importance that the taxes due for the current year should be collected within the year and the President should make every exertion to secure this object. The President should, at frequent or stated intervals, examine the arrears lists and take prompt steps for recovery of the outstandings. The responsible officers of the Collection Department must be made to understand that very severe notice will be taken of any remissness on their part in the realization of the municipal revenue.

No. 5653-4—L. F. 284-96, DATED BANGALORE, 17TH NOVEMBER 1897.

ORDER THEREON.—

VII. Lighting.—The details of the provision for Shimoga town under this head as now furnished will be embodied in the budget of the town with the remarks that the sum of Rs. 200 is the cost for four months only of lighting 40 lamps at Rs. 1¼ each per month and not that for six months as stated by the President. Similar details should have been furnished for other towns also. This should now be done.

2. *VIII. Public Works.*—The correct total of details furnished by the President for the Honnali Municipality is Rs. 737 or Rs. 100 in excess of the sanctioned allotment. In view to reduce the estimate to the sanctioned limit, the provision of Rs. 100 made for "Reserve" will be struck out.

3. The explanations furnished in the remaining paras of the President's letter are accepted and the provisions made in the budgets approved.

REVENUE.

Proceedings of the Government of Mysore,

N o. 3957-66—R. 1228, DATED, BANGALORE, 2ND NOVEMBER 1897.

ORDER.—Government are of opinion that on sanitary and other considerations, the indiscriminate construction of houses at and near the Kolar Gold Fields on lands not specially set apart for building purposes, should be forthwith prohibited. The Government understand that the provision regarding the erection of buildings, such as have the effect of enhancing the value of agricultural lands contained in para 3 of Rule XXIII of the Land Revenue Rules, has been grossly abused in the neighbourhood of the mines by the erection of regular bazaars, groups of houses badly arranged and without drainage or ventilation, whole lines of huts for mining coolies, &c., so as not only to destroy the character of the land built upon as agricultural land, but also so as to become a standing nuisance to the sanitation of the mines and its neighbourhood. Any future misuse in this manner of agricultural land in the neighbourhood of the mines will be prevented by order issued in the following paras, but as regards lands already built upon as above described, the Deputy Commissioner will recommend, for the orders of Government in the Revenue Department, what fine and special assessment he would propose to impose under Sections 48, 63 and 64 of the Land Revenue Code, having due regard to the value of the land for the purpose for which it is used.

2. Having regard to the rapid expansion of the gold mining industry at the said locality, Government direct that all unoccupied land, within five miles of the boundary of any mining property held under lease from the Government, should be reserved until further orders. A complete list of such lands including gomal, kharab and assessed waste should be carefully prepared and submitted for the information of Government, together with the Deputy Commissioner's opinion as to whether the reservation ordered above is sufficient, or whether the same requires any, and what, modification.

3. As regards lands situated within the area wherein reservation is ordered in the foregoing para, the Deputy Commissioner shall not act under the rules contained in paras 4 and 5 of Rule XXIII of the Land Revenue Rules, but shall in all such cases apply for and obtain the special orders of Government. In the case of such lands, the provisions of Sections 63 and 64 of the Land Revenue Code shall also be strictly applied.

4. The Deputy Commissioner is further requested to consider at once and report the terms of the Notification and Rules to be issued under the Mysore Mines Regulation which has recently been published in the Official Gazette.

5. Government deem it necessary to remove from para 3 of Rule XXIII of the Land Revenue Rules, the provision referred to in para 1 above, which is not strictly supported by the wording of Section 63 of the Revenue Code, and they accordingly direct that the following Notification be published in the *Gazette*.

NOTIFICATION.

No. 3967—*R.* 1229, *dated 2nd November* 1897.

The Government of Mysore are pleased to direct that the clause beginning with the word "or" and ending with the word "value" be omitted from para 3 of Rule XXIII of the Mysore Land Revenue Rules.

2. The rule as above modified will read as follows :—

3. "The appropriation of agricultural land to any purpose unconnected with "agriculture within the meaning of Section 63 shall be considered to mean

"quarrying, brick-making, removal of the soil for other purposes, and such other "operations as are calculated to render the land unfit for cultivation. In the case "of agricultural land appropriated for any purpose (as above defined) unconnected "with agriculture, the assessment fixed for purposes of agriculture shall be liable "to be altered under Section 48."

	1896-97 ...	20,283	9,474	3	...	77,150

2. The current demand for the period under review, as compared with that for the previous year, was as shown below:—

Districts.	Last year.	Current year.	Difference.
Bangalore	90,787	82,889	— 7,898
Kolar	45,015	38,442	— 6,573
Tumkur	37,040	33,738	— 3,302
Mysore	4,08,632	3,49,177	—59,455
Hassan	1,54,402	91,961	—62,441
Shimoga	4,23,759	2,16,410	—2,07,349

Chitaldrug	21,406	36,113	+ 14,707
Total ...	12,68,051	9,62,896	—3,05,155

The decrease is general in all the districts except Kadur and Chitaldrug. In the Hassan, Shimoga and Mysore districts, the decrease is reported to be chiefly due to want of proper sales of sandalwood collected during the year. The reports from the Bangalore, Kolar and Tumkur districts have not been received and the Deputy Commissioners are requested to submit them without delay.

3. The percentage of balance to the entire demand was as follows:—

District.	1895-96.	1896-97.
Hassan	·1	20·7
Shimoga	1·1	9 2
Kadur	12·3	7·5
Kolar	1·6	4·9
Mysore	9 4	4·9
Tumkur	·3	3·3
Bangalore	1·6	·1
Chitaldrug	·03	·01

4. The attention of the Deputy Commissioners of Hassan, Shimoga and Mysore is drawn to the heavy balances of Rs. 24,801, Rs. 20,283 and Rs. 19,410, respectively, remaining uncollected in their districts.

5. The total demand and collection in the Bangalore district as per monthly returns under review do not correspond with the figures given in the annual returns submitted by the Deputy Commissioner as shown below:—

	Demand including arrears.	Collection including remission.
As per monthly return	84,383	84,252
As per annual return	84,218	84,087

Proceedings of the Government of Mysore,

READ :—

The following letter No. 1238—60, dated the 27th August 1897, from the Conservator of Forests in Mysore.

Referring to your Official Memorandum No. 11565—Ft. F. 49–96 of 29th June last, *in re* "free grant of matti wood for agricultural purposes to raiyats in the malnad," I have the honor to state that I find that this matter was brought forward once before at the Dasara Representative Meeting of 1894 and on the reports of the Deputy Commissioner and late Inspector General of Forests finally disposed of in the negative in Government Proceedings No. 4514-22—Ft. 282 of 6th November 1895, on the ground that raiyats in malnad have been granted special concession to take free classified trees of the second class for agricultural implements.

2. During my last tour in the Shimoga district in January 1897, among other general questions, the grant of kari matti trees free for agricultural implements was brought to my notice. I heard certain residents of the Sorab taluk, who had petitioned me in the matter and also conferred with the local Revenue and Forest Officers. I beg to enclose extract (para 6 sub-para 3) of my Inspection Memo wherein I have recorded my views on the subject, with copy of my endorsement to the petitioners, No. 3493—750 of 21st March 1897, for information of Government.

Extract from Inspection Memo.

With regard to the grant of kari matti (*Terminalia tomentosa*) free for agricultural purposes the only arguments adduced which seemed to me of any weight were (i) that it is very plentiful and (ii) that it is impossible to prevent the people cutting it without permission if they do not get free licenses for it. But I must say that its being plentiful, as it undoubtedly is, is no good reason why people who can well afford to pay for it either on license from District Forests or by purchase from the Government depôts should get it free when the most liberal concessions with regard to other classified trees have already been made to them, and I trust that the plea with regard to the impossibility of preventing the people taking it without permission, which was I think advanced by the Amildar of Sorab, may be no longer sustainable, when there are Forest Range Officers with moderate charges and ample establishments to protect the State Forests and assist the Revenue Officers in putting a stop to unauthorized felling in the District Forests. I see no reason to differ from the opinion of my predecessor endorsed by Government in Proceedings No. 4514-22—Ft. 282 of 6th November 1895, on this subject and hope to see a legitimate and steadily increasing revenue realised from this valuable timber tree which, in any maidan district, would be gladly purchased at double the rates ruling in Shimoga.

No. 3968-76—Ft. F. 49-96, DATED, BANGALORE, 2ND NOVEMBER 1897.

ORDER THEREON.—The Government concur in the views expressed by the Conservator. The grant of any further concessions regarding matti wood is uncalled-for as stated in the Proceedings of Government No. 4514-22—Ft. 282, dated 6th November 1895.

2. The action taken by the Conservator, as reported in para 2 of the above, is approved.

Letter No. C. 55, dated the 29th October 1897, from the Conservator of Forests in Mysore, submitting, with reference to Government Proceedings No. 7521—Ft. F. 128-95, dated the 20th February 1897, a report on the financial results of the captures of elephants effected under the Bengal system and in permanent kheddas at Kakankote during the year 1896-97.

No. 4198—Ft. F. 128.95, DATED, BANGALORE, 12TH NOVEMBER 1897.

ORDER THEREON.—The main features of the Khedda operations of 1896-97 have been noticed in the Dewan's Dasara Address, and the Conservator states

that the subject will be dealt with in greater detail in the Administration Report for the past year, now under compilation. Two points worth noticing in the report now before Government are:—

(1) the large proportion of deaths from various causes, and

(2) dullness of market.

2. Out of 170 elephants captured during the year, 37 died (excluding those shot) before the close of the year, and seven since. Diseases peculiar to elephants could not be grappled with, but apoplexy brought on by undue exposure to sun and heat and want of sufficient water, which is said to have proved fatal in 14 cases, might have been prevented, and the Government regret that the effects of exposure and drought were not foreseen by the Superintendent and the elephants placed in a more congenial locality.

3. The attempts to hold public sales were not successful, as scarcity, cholera and plague affected all business and the markets of Southern India were stocked by captures of previous years. Nevertheless through the exertions of the Khedda Superintendent an average price of Rs. 946 was obtained for the elephants sold up to the end of 1896-97, namely 76, including one of previous year's captures, and this result is, as observed by Colonel Campbell Walker, satisfactory and reflects credit on the Khedda Superintendent.

Letter No. 2022—Spl. Audt. 915, dated 18th September 1897, from the Comptroller, Mysore Government.

With reference to para 40 of the Memorandum and Articles of Association prescribed in Government Proceedings No. 4453-62—Fl 236, dated 1st December 1895, for the use of Agricultural Banks, wherein it is laid down that the cash balance in the hands of the Board of Directors shall not exceed a certain sum and that all sums in excess thereof shall be *lodged* in a Government Treasury, or deposited in the Government Savings Bank to be drawn upon from time to time as occasion may arise, I have the honor to request the favor of being informed as to the interpretation which the Government desires to put upon the word *lodged* in the above rule—whether it is intended that the surplus cash tendered should merely be kept in Government Treasuries *for safe custody* or that they should be brought on the Treasury accounts.

2. In the former case, the Agricultural Banks will have to arrange to keep such balances in boxes of their own duly locked and sealed and to lodge such boxes in Treasuries for safe custody as is done by the Public Works Department and other Departmental Officers. This will be easy enough in the case of Banks established in district and taluk head-quarters; but in the case of those in out-of-the-way places it will be difficult, on account of distance, to be constantly sending such cash chests to and fro. But whether there may not arise complication in future as regards the amounts lodged when, from any cause, the contents of such boxes are found missing, is a question which I leave for the consideration of Government.

3. Should such amounts however be brought to account, the amounts rendered have to be credited either to deposits or to the Loan Accounts of the Banks concerned. But to credit such sums to Deposits will still further encumber the already heavy Deposits Accounts, entailing a greater amount of labor both on my office and on the Treasuries concerned and will render the entertainment of extra hands necessary. If on the other hand they are to be credited to Loan Accounts, the matter becomes very simple as will be shown further on.

4. As regards depositing such amounts in Savings Banks, the rules do not allow any one to deposit more than Rs. 5,000 in all between any 1st July and the 30th of June following, nor do they entitle him to use the Bank for keeping a current account. I therefore beg to be informed if the rule in the Memorandum, under reference, is intended by Government to modify the Savings Bank Rules published in Government Notification No. 161 of 14th December 1887. Even then, the same difficulty that is met with in treating such amounts as deposits would present itself here. The Agricultural Banks are fast multiplying and the large number of deposits they make will naturally increase the work of the Savings Banks which is already very heavy.

5. Whether such surplus is treated as Savings Bank or Revenue deposits or lodged in the Treasury merely for safe custody, the Agricultural Banks will suffer under a disadvantage as such amounts will have to be treated as part of the Bank's balance and the Banks will, in consequence, get no interest, except for balances of Rs. 5,000 and under deposited in Savings Banks, while Government levies the full rate of interest on all balances outstanding against the Banks.

6. The plan of crediting the amounts to Loans, or, in other words, of allowing Agricultural Banks to keep current accounts with Government Treasuries and to operate on them as necessity arises, is easy as any money that is returned by them will be credited, and any money paid to them debited at once to their Loan Accounts and interest calculated and collected only on the actual balances. This plan, besides being fair and advantageous to the Banks themselves, does not encumber the Deposit or Savings Bank Accounts and leaves the Banks free to reduce the loan when they find they have more cash than is required or to raise it up to the sanctioned limit, when the demand is greater than can be met from the balance in hand.

7. Should the Government agree with me in this interpretation, the rule may be modified accordingly. I request the favor of early orders as the Inspector of Agricultural Banks has reported that some of the Taluk Treasuries, which have credited such amounts to the Loan Account refuse to refund the same when demanded by the Banks.

No. 4001-10—Fl. 393, DATED, BANGALORE, 3RD NOVEMBER 1897.

ORDER THEREON.—Government consider that no modification of the rule is necessary. The meaning of para 40 is that sums paid back into the Treasury should be credited to Loan Account and that there should be a current account between the Agricultural Bank and the Treasury, interest being charged on actual balance only, and that should any Agricultural Bank prefer to deposit, its excess balance in a Government Savings Bank, such deposit can only be made to the extent permissible under the Savings Bank Rules and subject to the conditions therein prescribed.

Letter No. 468—374, dated 14th October 1897, from the Deputy Commissioner, Shimoga district.

No. 4051-54—R. F. 41-97, DATED, BANGALORE, 4TH NOVEMBER 1897.

ORDER THEREON.—With the above, the Deputy Commissioner submits the Memorandum and Articles of Association of the proposed Agricultural Bank at Vitagoudanakoppa in the Kumsi sub-taluk.

2. The Bank is proposed to be established by ten Members for the benefit of Vitagoudanakoppa and four other villages in the Kumsi sub taluk. The Members own 179 acres and 7 guntas of land, the aggregate value thereof being estimated at Rs. 4,400 with a liability of Rs. 1,140.

3. The Members propose to start the Bank with a capital of Rs. 3,000, but the Deputy Commissioner and the Inspector, Agricultural Banks, think that an advance from Government of Rs. 2,500 is sufficient.

4. Government accordingly sanction an advance not exceeding Rs. 2,500, being made for the Agricultural Bank referred to above, and authorise the Deputy Commissioner to place the said amount for the purpose in the Shimoga Taluk Treasury. Interest must be recovered from the Bank half-yearly up to 30th June and 31st December of each year at four per cent per annum on the sums actually borrowed by the Bank.

5. The Memorandum and Articles of Association will be returned to the Deputy Commissioner, with a request that he will take steps to get the same duly registered. The existing encumbrances must all be discharged and the documents, &c., connected therewith taken back and properly secured.

6. It is observed that four copies of the printed form of the Memorandum and Articles of Association have been unnecessarily utilized in this case. Two copies would have been quite sufficient to meet the present purpose as laid down in Government Proceedings No. 7878-88—Fl. 653, dated 10th March 1897. Such waste of forms should be avoided in future.

Letter No. 519, dated the 27th October 1897, from the Deputy Commissioner, Bangalore district.

No. 4412-15—R. F. 114-96, DATED, BANGALORE, 18TH NOVEMBER 1897.

ORDER THEREON.—In the above letter, the Deputy Commissioner states that 74 new Members have joined the Agricultural Bank at Bidarguppe in the Anekal taluk, which was sanctioned in Government Proceedings No. 8311-14—R. F. 114-96, dated 23rd March 1897, and that the sum of Rs. 15,000, sanctioned in the said Proceedings is quite insufficient to meet the requirements of all the Members. The total area of the lands owned by the new Members, on the security of which an additional loan of Rs. 35,000 is applied for by them, is 1,902 acres and 11 guntas, of which 1,233 acres and 30 guntas form kayamgutta land, and the rest, Sirkar. The aggregate value of these lands, as calculated by the Amildar at Rs. 28 per acre of inam land and Rs. 31 per acre of Government land, amounts to Rs. 55,232, with an encumbrance of Rs. 14,855. Of the 74 new Members, 20 persons are said to reside and hold lands in villages other than those already registered, *viz.*, 23 villages, excluding Attibele, where a new Bank has been established, and in order to extend its operation the names of 22 new villages are recommended to be inserted in para 3 of the Memorandum of Association.

II. The Deputy Commissioner and the Inspector of Agricultural Banks recommend the grant of a further loan of Rs. 28,000 on the security of the above-said landed property instead of Rs. 35,000 as asked for by the Members.

III. It is proposed to grant loans on the security of lands under Class I up to Rs. 2,000 to each Member, the reason adduced for this modification of the rule being that the amounts required by some of the Members to pay off their debts are more than Rs. 1,000 in each case.

IV. Under these circumstances, Government are pleased to sanction the above proposals on the same terms as those on which the original loan of Rs. 15,000 was sanctioned in the Government Proceedings above cited.

V. The attention of the Inspector of Agricultural Banks is drawn to the fact that in the statement showing the property and liabilities of the Members submitted by him, the value of the lands as finally settled by the Amildar and agreed to by the Inspector should have been given instead of the rough estimate as framed by the Members themselves.

Letter No. 518, dated the 27th October 1897, from the Deputy Commissioner, Bangalore district.

No. 4416-19—R. F. 44-97, DATED, BANGALORE, 18TH NOVEMBER 1897.

ORDER THEREON.—With the above, the Deputy Commissioner submits the Memorandum and Articles of Association (in duplicate) of the proposed Agricultural Bank at Attibele in the Anekal taluk.

2. The Bank is proposed to be established by 41 Members for the benefit of Attibele and 32 other villages in the said Anekal taluk. The Members own 1,225 acres and 39 guntas of land, of which 201 acres and 38 guntas are inam, the aggregate value thereof being estimated at Rs. 59,719 with a liability of Rs. 28,855 of which Rs. 5,210 represent the debts secured by the mortgage of the landed property.

3. The Members propose to start the Bank with a capital of Rs. 35,000, which the Deputy Commissioner and the Inspector of Agricultural Banks recommend being sanctioned.

4. Government accordingly sanction an advance not exceeding Rs. 35,000 being made for the Agricultural Bank referred to above, and authorise the Deputy Commissioner to place the said amount for the purpose in the Anekal Taluk Treasury. Interest must be recovered from the Bank half yearly up to 30th June and 31st December of each year at 4 per cent per annum on the sums actually borrowed by the Bank.

5. Attibele which has been included in the list of villages to be benefited by the Bidarguppe Bank will, as proposed, be now excluded from the operations of that Bank, as none of the residents thereof are stated to have joined it.

6. As recommended by the Deputy Commissioner the limit of the loan to be granted to each member will, as a special case, be fixed at Rs. 2,000, while the total amount of loans of all descriptions granted both to himself and to other members on his security will not exceed Rs. 4,000.

7. Government regret to find that a complete and correct statement of the property held by the members and of their liabilities has not been submitted as directed in Proceedings No. 5038-47—Fl. 274, dated 2nd December 1895. It is hoped that such omissions will not recur, and that the Inspector of Agricultural Banks will invariably prepare and submit correct statements for record in this office.

8. The Memorandum and Articles of Association will be forwarded to the Registrar, Joint Stock Companies, with a request that he will take steps to get the same duly registered. The existing encumbrances must all be discharged and the documents, &c., connected therewith taken back and properly secured.

Docket No. 43, dated 13th July 1896, from the Deputy Commissioner, Bangalore district, soliciting sanction to the levy of tax on the temporary shops established on the vacant ground in front of the Sri Venkatramanaswami temple at Kallahalli, Kankanhalli taluk, on the occasion of the annual car festival and the appropriation of the realisations for the benefit of the temple. And,

Deputy Commissioner's docket No. 471, dated 13th November 1896, reporting that the site in question does not belong to the temple, but that, however, as the land is used for the accommodation of pilgrims and by the traders for the erection of temporary shops during the jatra season, the tax levied on the shops is justly due to the temple.

No. 503-4, DATED, BANGALORE, 8TH NOVEMBER 1897.

ORDER THEREON.—The Deputy Commissioner, while recommending the levy of a small tax on all shops established in front of the temple during the jatra season, states that the site in question does not belong to the temple, evidently because at the survey settlement the land has been recorded as "Village site." This view is not correct. For purposes of the village Land Revenue Account, an area is deducted from the revenue-paying area and shown separately as "Village site" which, among other lands, includes in this case the land on which the temple stands or is attached to it. The Survey Department makes no record of rights within such village site. The absence in the Revenue Account of entry of any particular land within the village site as belonging to the temple, is no proof against the temple's right to it. On the other hand, the temple must be considered as entitled to all lands which have been in its use in the absence of proof to the contrary. No such proof exists in this case; the villagers themselves state that the land has all along been considered as temple property and used for the accommodation of pilgrims, and for setting up temporary shops by traders during the temple jatras. The Government, therefore, are of opinion that the land in question must be held to belong to the temple.

2. The levy of ground-rent from all shops temporarily set up on the land belonging to the temple during the jatra season is sanctioned. The Deputy Commissioner will frame a reasonable scale of rates with reference to the natrue of trade and publish it at the time of the jatra for the information of those concerned. The collections should be credited to the temple funds.

Correspondence ending with letter No. 292, dated 16th September 1897, from the Deputy Commissioner, Tumkur district.

No. 548—Muz. F. 1-97, DATED, BANGALORE, 20th NOVEMBER 1897.

ORDER THEREON.—In the correspondence read above, the Deputy Commissioner applies for instructions of Government about the disposal of the property worth Rs. 8-15-7 left by one Kshetrapalayya, a disciple of the Sri Sringeri Matt, who died at Settikere, Chiknayakanhalli taluk, in December 1886. The deceased having left no heirs the Deputy Commissioner considers that his property should be disposed of under the Police Rules as unclaimed property.

2. The Agent of the Sri Sringeri Matt, on the other hand, claims the property for the Matt, on the ground that the deceased Kshetrapalayya was a disciple of the Matt and that under a Nirup issued by the Fouzdar of Nagar on the 2nd May 1826 and another Nirup issued by the Superintendent of the Nagar division on the 11th November 1834, the Matt is entitled to all property left by any of its disciples dying without leaving any heirs and valued below Rs. 1,000. In further support of the claim, the Agent has produced two authenticated copies of the decisions—one in Revenue Case No. 21 of 1872 73 in the Court of the Amildar of Channarayapatna taluk and the other in Civil Suit No.2 of 1867 in the Court of the 1st Class Native Assistant Superintendent of Hassan district—in both of which the Matt's claim to such property has been upheld.

3. With reference to the above, the Government observe that the aforesaid Nirups of 1826 and 1834, the decisions in the two cases cited above and the opinion of the Government Advocate to whom the question was referred for opinion, all support the claim of the Sri Sringeri Matt to the property left by the deceased Kshetrapalayya, who admittedly was a disciple of the Matt and has left no heirs. The Police Rules quoted by the Deputy Commissioner do not apply to the case.

4. The delivery of the abovementioned property to the Sri Sringeri Matt, through its Agent, is accordingly sanctioned.
